Note card sets are for your pleasure of sharing excellent photography of the magic of God's creation or subjects of special interest when you write to friends and acquaintances. They are perfect for "thank you" notes and notes of encouragement.

All cards are printed on high quality, coated matte card stock designed for greeting cards. Printing is on six color ink jet printers for superior color brilliance and archival stability. They are hand folded for accuracy and individually inspected.

Printed in the U.S.A.
